

**II. Goal statement:**

Please attach a statement of your research goals and plans, being sure to name a specific topic that you are seriously considering for dissertation research. Your statement should be 2 - 3 pages in length, and should include references to the works that you think are important contributions to the research and theory literature directly related to your chosen topic.

**III. Plans for next 18 hours of coursework before the MidProgram Review:**

List probable courses below.

<u>Course #</u>	<u>Course Title</u>	<u>Instructor</u>	<u>Semester</u>	<u>Grade</u>

**IV. Conference presentation proposal plan:**

Plan a possible conference presentation to be proposed before the MidProgram Review. After choosing your presentation focus, select the professional conference to which you will make your proposal. Attach a plan for that conference presentation, along with the conference to which you plan to submit this proposal.

- Information on various conferences sponsored by Association for the Advancement of Computing in Education can be found at: <http://www.aace.org/conf/>
- Information about national and regional AERA (American Educational Research Association) meetings is available at: <http://aera.net/>.
- Information about national AECT (Association for Educational Communications and Technology) conference is available at: <http://www.aect.org/>.
- Information about NECC is at <http://www.iste.org/>.

*Please note* that for your MidProgram Review paperwork, you will be required:

- To submit at least one conference proposal.
- To complete at least one more research methods course.
- To complete at least one Directed Research course project.
