NEW P.E.T.E. GRADUATE PROGRAM!!!

Dear Friends:

The Department of Curriculum and Instruction at The University of Texas at Austin is accepting applications for the master's and doctoral programs in Curriculum and Instruction with a specialization in Physical Education Teacher Education.

The Master's degree is focused on developing expert teachers prepared for National Board Certification, curriculum developers, and instructional leaders in the field of Physical Education. The doctoral program includes developing excellent research and teacher development skills. Our graduates will become leaders in the field of Physical Education and have the knowledge, skills, cultural competency and commitment necessary to guide youth in the process of becoming healthy lifetime participants in physical activity. This program is unique in its focus on cultural competence, the utilization of technology in physical education, and emphasis on the effects of physical activity on cognitive function. Through an array of course offerings in the areas of Instructional Technology, Bilingual/Bicultural Education, Curriculum Studies, as well as Cognition and Exercise, students will engage in enriched educational experiences. PETE classes are held in late afternoon or evening so students can be full time teachers while working on their degree(s). Contacts for teaching jobs with Austin ISD, teaching assistantships and scholarships are available.

Preference will be given to applications received by January 1st.

Please visit our website for detailed application information

(<http://www.edb.utexas.edu/education/departments/ci/programs/pete/>).
