Your choice of minor must be approved by an advisor. No more than six semester hours may count for both the minor and for basic education requirements.

### Electives (enough coursework to achieve a total of 130 semester hours, including at least 42 upper-division semester hours)
A maximum of three semester hours in physical education activity coursework, such as conditioning, basketball, and volleyball, can be counted as free electives in the College of Education. KIN 119 courses are not considered to be physical education activity coursework. A maximum of five elective courses may be taken on a pass/fail basis. No more than 12 semester hours of fieldwork will count toward the degree.

| Hours needed to complete degree program as of | Expected graduation date | First visit |
Graduation and Residency Requirements — To receive a degree from the College of Education, a student must have been registered in the college for at least two long-session semesters or the equivalent. A candidate for a degree must be registered in the college either in residence or in absentia the semester or summer session the degree is to be awarded, and must apply for the degree no later than the specified deadline. The student must have an official degree audit on file prior to applying for the degree (upon completing fifty semester hours of coursework). Sixty hours counted toward the degree must be completed in residence, as well as twenty-four of the last thirty hours counted toward the degree. Coursework taken out-of-residence, including coursework through continuing and distance education or from another institution, will not be allowed in a student’s final semester at The University. Students who are graduating in the summer may appeal to take courses at another institution in the first summer term only.
