

Previous, Current, and Future Missions to Mars: Scout Missions

By: Elisabeth Ambrose

Scout Missions, which could be small airborne craft or small landers, are also planned for 2007 launch. They would help increase the scale of airborne observations or increase the number of sites on Mars that have been visited by human spacecraft.

The Benchmark Lessons were developed with the help of the following sources:

JPL's Mars Missions website, <http://mars.jpl.nasa.gov/missions/>

JPL's Planetary Photojournal, <http://photojournal.jpl.nasa.gov/>

The NASA Image Exchange, <http://nix.nasa.gov/>

Mission to Mars: Project Based Learning: Dr. Anthony Petrosino, Department of Curriculum and Instruction,
College of Education, University of Texas at Austin,
