Do You Have PCOS?

Seeking sexually active women (18+) diagnosed with polycystic ovary syndrome (PCOS) for a study on cardiovascular health and sexual functioning.

Researchers at the University of Texas at Austin are conducting a study on sexual function and cardiovascular disease among women with polycystic ovary syndrome (PCOS). You may qualify to participate if you are a woman currently involved in a sexually active relationship who is diagnosed with PCOS.

For more information, call (512) 471-8594 or email klparkhurst@mail.utexas.edu and ask about the PCOS STUDY!
