COMMUNITY HEALTH AND WELLNESS SPECIALIZATION (15 hours):

This specialization benefits students wanting to pursue a career in public health, community health, government organizations, non-profit organizations, and worksite wellness programs.

Description:
This specialization exposes students to courses that focus on key public health topics and issues. In addition, students gain practical skills and applied experience in a semester long internship, which is selected to match health interests and career goals. Students will be prepared to pursue graduate studies in health promotion or public health and related allied health fields.

Courses: Choose 3 of the following:

KIN 348 Psychological Aspects of Exercise (Sp)
HED 335: Theories of Substance Abuse Prevention [Wr]
HED 352K: Psychosocial Issues in Women’s Health [Wr]
HED 352K: Psychosocial Issues in Adult Development & Health
HED 352K: Strategic Health Communication (F)
HED 366: Human Sexuality
HED 370K: Adolescent Health Risk Behavior
** Required Fieldwork **
HED 627L: Internship in Health Promotion
